

FiiO | 产品使用提示

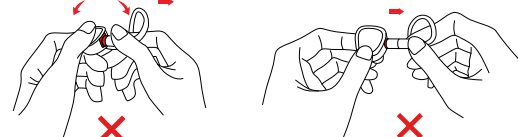

耳挂多功能按键操作

分离耳机线时, 紧捏耳机与线材插头, 使耳机和线材的插口保持同一直线上, 然后用力往两边拔出, 0.78双针产品请勿旋转。

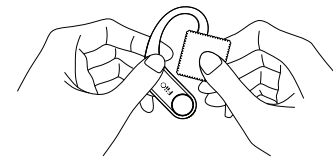

禁止倾斜角度拔插耳机线, 请勿直接拉扯线材拔插耳机线, 以免线材拉断。

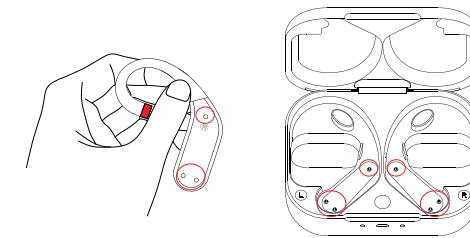

注意: 如果发现耳机线不容易拔出时, 请勿自行暴力拔出, 如有需要请与官方售后人员联系, 请求帮助。

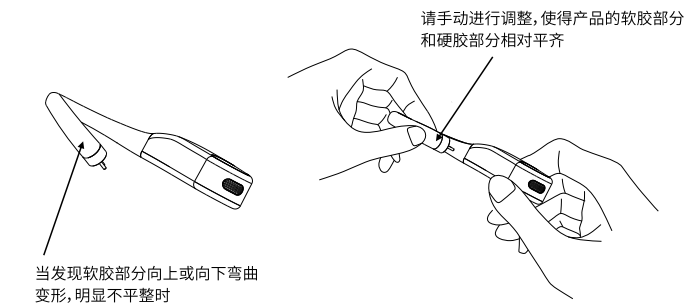

使用后, 请及时擦干产品表面上的汗渍及异物。

放入盒子前请检查充电触点是否有汗液或脏污, 请擦干且清理掉脏污后放入盒子以免影响正常充电。保持产品清洁可以减少刺激皮肤, 产品可使用含有酒精或清水的棉布或湿纸巾擦拭。

温馨提醒: 为了提高您的使用体验, 请在耳挂放入盒子前请检查产品软胶部分是否平整, 当发现软胶部分向上或向下弯曲变形, 明显不平整时, 请手动进行调整, 使得产品的软胶部分和硬胶部分相对平齐。

FiiO | PRODUCT TIPS

Instructions for multifunction button of the earhook

When removing the earphone cable, hold the cable connector and the earphone unit tight with your fingers. Keep them in the same line and then pull them apart. Note that do not rotate the 0.78mm 2-pin cable.

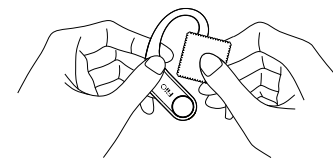

Do not install or remove the cable at a tilted angle. Do not pull the earphone cable directly, to avoid it being broken.

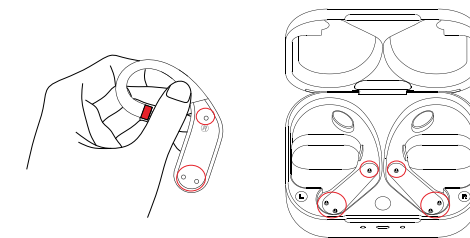

Note: If it is difficult to remove the earphone cable, do not remove it violently. If necessary, please contact the official after-sales staff for assistance.

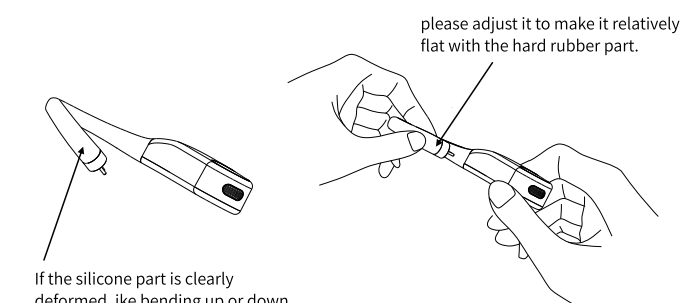

After using, kindly wipe off the sweat or any foreign objects from the ear hook surface in time.

To avoid charging issues, please check if the metal contacts are covered with sweat or dirt, please wipe and clean it before putting the ear hooks back into the case. Keeping the product clean can help reduce skin irritation. You may use cotton cloth or pre-moistened wipes soaked with alcohol or clear water to clean the product.

Tips: To optimize the experience, please check whether the silicone part of the earhook is flat before putting it inside the charging case. If the silicone part is clearly deformed, like bending up or down, please adjust it to make it relatively flat with the hard rubber part.
